

THE BOARD'S PROPOSAL REGARDING AN INCENTIVE PROGRAMME AND ISSUANCE OF WARRANTS TO SENIOR MANAGEMENT (LTIP 5)

The board of directors in Maha Energy AB (publ) (the “**Company**”) (excluding Jonas Lindvall) proposes that the annual general meeting resolves on an incentive programme for the executive management through issuance of warrants entitling to subscription of new shares of class A in the Company (“**Shares**”) as set forth below.

Background

The proposal to launch an incentive programme by the issuance of warrants is presented by the board of directors of the Company (excluding Jonas Lindvall) in order to strengthen the retention of senior executives with the company group and to motivate the senior executives to create shareholder value. The board of directors assess that these objectives are in line with all shareholders' interests.

The programme encompasses senior executives employed by the Company and subsidiaries of the Company (together, the “**Group**”). Board members not employed by the Group are not allowed to participate. Those entitled to participate in the incentive programme are hereinafter referred to as “**Participants**”.

Terms and conditions for the issue of warrants

1. The Company shall issue not more than 1,048,286 warrants. Each warrant entitles to subscription of one (1) new Share, each with a quotient value of SEK 0.011.
2. The warrants may, with deviation from the shareholders' preferential rights, only be subscribed for by Maha Energy Inc (the “**Subsidiary**”), a subsidiary of the Company, after which the Subsidiary is to transfer the warrants to the Participants in accordance with the resolution adopted by the general meeting and instructions from the board of directors of the Company.
3. Subscription of warrants shall be made by the Subsidiary on a subscription list following the general meeting's issue resolution, but no later than 1 June 2021. The board of directors of the Company shall be entitled to prolong the subscription period.
4. The warrants shall be issued without consideration (i.e. free of charge) to the Subsidiary.
5. If all issued warrants are subscribed for by the Subsidiary, transferred to and exercised by the Participants for subscription of new Shares, the Company's share capital will increase with SEK 11,531.146 (subject to potential recalculations in accordance with the terms and conditions set forth in [Schedule A](#)).
6. The warrants may be exercised for subscription of new Shares during the period from and including 1 June 2024 until and including 28 February 2025. Warrants that have not been exercised for subscription of new Shares by 28 February 2025 shall lapse.
7. Each warrant shall entitle the warrant holder to subscribe for one (1) new Share in the Company at a subscription price per Share (the “**Exercise Price**”) corresponding to 100% of the volume weighted average last closing price for the Company's share on

Nasdaq Stockholm during the period from and including 21 May 2021 until and including 27 May 2021. Any amount that exceeds the quotient value shall be transferred to the nonrestricted share premium account. The Exercise Price thus calculated shall be rounded off to the nearest whole SEK 0.10, whereupon SEK 0.5 shall be rounded upwards. The Exercise Price may never be below the quotient value of the shares.

8. The warrants are subject to customary recalculation conditions, set forth in Schedule A.

Allocation principles to be applied in relation to Participants

Warrants subscribed for by the Subsidiary shall be transferred to the Participants in accordance with instructions from the board of directors of the Company and the principles set forth below. Any resolution to transfer warrants to the Participants shall be made by the board of directors unanimously. Jonas Lindvall will not participate in any resolution to transfer warrants to himself.

The transfers of warrants from the Subsidiary to the Participants are to be made without consideration (i.e. free of charge).

Warrants are granted under the incentive programme to senior executives of the Group, and are intended to align such individual's and shareholder interests by attempting to create a direct relation between compensation and shareholder return. Participation in the incentive programme rewards overall corporate performance, as measured through the price of the shares in the Company. In addition, the incentive programme enables senior executives to develop and maintain a significant ownership position in the Company. No Participant may be offered more than 366,900 warrants.

Allocated warrants may be exercised for subscription of new Shares in the Company during the period from and including 1 June 2024 until and including 28 February 2025. Subscription of new Shares may however not take place during so-called closed periods according to the EU Market Abuse Regulation, or otherwise in breach of relevant insider rules and regulations (including the Company's internal guidelines in this respect).

Warrant agreement

All warrants will be governed by warrant agreements to be entered into between each Participant and the Subsidiary in connection with the transfer of warrants from the Subsidiary. The warrant agreement will include a so-called vesting structure, certain transfer restrictions and other terms and conditions customary for such agreements. The vesting period until a share may be acquired may not be less than three years.

Reasons for the deviation from the shareholders' preferential rights

The reasons for the deviation from the shareholders' preferential rights is that the Company wishes to offer warrants to the executive management of the Group in order to strengthen the

retention of senior executives and to motivate them to contribute to the creation of shareholder value.

Dilution, costs, etc.

Upon full subscription, transfer and exercise of all 1,048,286 issued warrants; a total of 1,048,286 new Shares will be issued in the Company (subject to potential recalculations in accordance with the terms and conditions set forth in Schedule A). This would lead to a dilution corresponding to approx. 1 per cent of the total share capital and number of votes in the Company (based on the share capital and number of shares in the Company registered as of the date of this proposal and calculated as the maximum amount of share capital and number of shares that may be issued, divided by the total share capital and the total number of shares in the Company after the proposed warrants to be issued have been exercised).

The incentive programme is expected to have a marginal effect on the Company's earnings per share. A preliminary estimate of the market value of the warrants is SEK 5.64 per warrant for the call period (as at 26 April 2021), assuming an underlying market value and exercise price of SEK 12.64 per share (as at 26 April 2021). The Black Scholes valuation model has been used for valuing the warrants and assumes a risk free interest of -0.27 percent and a volatility of 61.6 percent.

Costs related to the issuance of warrants under the incentive programme will be accounted for in accordance with IFRS 2 and recognized as an expense in the income statement during the vesting period. The preliminary estimate of total cost to be recorded during the term of the programme is SEK 5,912,222. Ongoing administration costs and other costs of the programme are minimal.

Outstanding incentive programmes

In addition, 1,710,000 warrants are outstanding under three (3) Long Term Incentive Programs for employees and senior management of the Group, of which the first program comprises of 750,000 warrants (“**Program Two**”), the second program comprises of 500,000 warrants (“**Program Three**”), and the third program comprises of 460,000 warrants (“**Program Four**”). Each warrant under the respective program entitles to subscribe for one new share in the Company. The exercise price of the warrants corresponds to 100 per cent of the volume weighted average last closing price for the Company’s share on Nasdaq First North Growth Market during the period from and including (i) 24 May 2018 until and including 29 May 2018 for Program Two, (ii) 17 May 2019 until and including 23 May 2019 for Program Three, and (iii) 20 May 2020 until and including 27 May 2020 for Program Four. The warrants may be exercised from and including (i) 1 May 2021 until and including 30 November 2021 for Program Two, (ii) 1 June 2022 until and including 28 February 2023 for Program Three, and (iii) 1 June 2023 until and including 29 February 2024 for Program Four.

A resolution to issue warrants in accordance with this proposal also includes an approval of the transfers of warrants from the Subsidiary to the Participants.
